PARC RESTON

The two 14-story towers that Athena Renaissance Reston plans to build locate in Reston Parkway and Temporary Road.

The 360-units would replace three existing buildings (82 units), but most of the garden complex at Parc Reston would remain. The newest design includes three levels of underground parking rather than three levels of screened, above-ground parking.

UNIVERSAL STONES , a awarded Sub will supply and furnish stone works in each residential unit and Common area. The granite awarded is Luna Pearl for each residential kitchen countertop.
